**Subject:** Access to STP's Website

In response to recent national events, NRC has taken action to limit access to the STP website. Initially, only NRC and States will have access to the site through the use of a valid username and password. Each State is being issued its own username and password.

To access the site, you will be asked to enter your State's username and password. Internet Explorer users may also be asked to enter a domain. If so, the domain is 'hsrd.beia' (just the words inside the single quotes).

Your individual State username and password are provided below. Use of the username and password should be limited to staff in your radiation control program.

The site will continue to require password access for the foreseeable future. We will keep you informed of any changes.

If you have any questions, please contact me or Lance Rakovan at 301/415-2589, [LJR2@NRC.GOV](mailto:LJR2@NRC.GOV).

Thank you,

Frederick Combs, Deputy Director  
Office of State and Tribal Programs
