SUBJECT: CLOSEOUT OF CONTRACT NO. NRC-04-90-085

Dear Ms. Karnes:

The subject contract expired on April 15, 1994. Based on NRC records, total payments were made to Westinghouse in the amount of \$613,206.92. Per discussion with Vicki Karnes, the contractor would like to close the contract without a sign a contractors release, because of the cost and time to the contractor to obtain paperwork for novation agreement. The contractor has agreed to wave it rights to receive remaining fee under the subject contract in the amount of \$2,710.05. Therefore, NRC is closing the subject contract without the contractor's release and unilaterally deobligating remaining funds in the amount of \$6,329.08. A copy of Modification Eleven (11) is attached for your records.

The NRC has complied with all provisions of said contract and hereby considers Contract No. NRC-04-90-085 officially closed. Based on the documentation provided to contractor demonstrating payment in full, the contractor for itself, its successors and assignees, hereby releases and forever discharges the Government from all liabilities, obligations, claims, and demands whatsoever under or arising from the said contract.

Sincerely

Stephen Pool, Contracting Officer
