Subject: FW: FNP Past Precedent Reviews for Aging Mgmt Programs

> Tilda,
>
> Here are the last two (2) Aging Management Programs (AMPs) past precedent
> determinations (Fuel Oil Chemistry Control Program and the NiCrFe Component
> Assessment Program) that we have prepared. As indicated with the first
> batch, these have not been through an internal review, and are provided as
> information only to assist the staff.
>
> We hope to get our initial efforts on past precedent for the LRA Section 3
> aging management review information to you late next week.
>
> If you have further questions please contact Jeff Mulvehill, Mike
> Macfarlane or Chuck Pierce. Also, Jan will be back in the office next
> week.
