Comanche Peak Steam Electric Station
TPDES Permit No. 01854
Notice of Application

Dear Sir/Madam:

In accordance with the instructions provided by the Texas Commission on Environmental Quality, TXU Generation Company LP hereby submits one original copy of the published *Notice of Receipt of Application and Intent to Obtain a Water Quality Permit Renewal* and one executed *Publisher's Affidavit* from the newspaper for the permit referenced above. This notice was published for Somervell County in the Glen Rose Reporter on October 2, 2003.

If you have any questions, please call Scott Wilde at (214)812-5221.

Sincerely,

James J. Kelley, Jr.

**TEXAS COMMISSION
ON ENVIRONMENTAL
QUALITY**

**NOTICE OF RECEIPT OF
APPLICATION AND
INTENT TO OBTAIN A
WATER QUALITY
PERMIT RENEWAL
PERMIT NO. 01854**

APPLICATION. TXU Generation Company LP, 1601 Bryan Street, Dallas, Texas 75201-3411, which operates a steam electric generating facility, has applied to the Texas Commission on Environmental Quality (TCEQ) to renew Texas Pollutant Discharge Elimination System (TPDES) Permit No. 01854, (EPA I.D. No. TX0065854) to authorize the discharge of treated wastewater at a volume not to exceed a daily average flow of 3,168,000,000 gallons per day via Outfall 001 and 005. The facility is located on the west side of Squaw Creek Reservoir along State Highway 56, approximately four and one half (4.5) miles northwest of the City of Glen Rose in Somervell County, Texas. The discharge route is from the plant site to Squaw Creek Reservoir; thence to Squaw Creek; thence to the Paluxy River or to Squaw Creek Reservoir; thence to Lake Granbury. This application was submitted to the TCEQ on September 2, 2003. The permit application is available for viewing and copying at the Somervell County Clerk's Office, Court Annex Building, 107 Northeast Vernon Street, Glen Rose, Texas.

The TCEQ executive director has determined the application is administratively complete and will conduct a technical review of the application. After completion of the technical review, the TCEQ will issue a Notice of Application and Preliminary Decision.

PUBLIC COMMENT / PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comments or to ask questions about the application. The TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

Written public comments or requests for public meeting must be submitted to the Office of the Chief Clerk, MC 105, TCEQ, P.O. Box 13087, Austin, TX 78711-3087.

ADDITIONAL NOTICE.

After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of the Application and Preliminary Decision will be published and mailed to those who are on the county-wide mailing list or the mailing list for this application. That notice will contain the final deadline for submitting public comments.

**OPPORTUNITY FOR A
CONTESTED CASE
HEARING.**

After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. The response to comments, along with the executive director's decision on the application, will be mailed to everyone who submitted public comments or who requested to be on a mailing list for this application. If comments are received, the mailing will also provide instructions for requesting reconsideration of the executive director's decision and for requesting a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in a state district court.

A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a

hearing on issues that were raised during the public comment period and not withdrawn. The TCEQ may act on an application to renew a permit for discharge of wastewater without providing an opportunity for a contested case hearing if certain criteria are met.

MAILING LIST. In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices mailed by the Office of the Chief Clerk. You may request to be added to: (1) the mailing list for this specific application; (2) the permanent mailing list for a specific applicant name and permit number; and/or (3) the permanent mailing list for a specific county. Clearly specify which mailing list(s) to which you wish to be added and send your request to the TCEQ Office of the Chief Clerk at the address above. Unless you otherwise specify, you will be included only on the mailing list for this specific application.

INFORMATION. If you need more information about this permit application or the permitting process, please call the TCEQ Office of Public Assistance, Toll-Free, at 1-800-687-4040. General information about the TCEQ can be found at our web site at www.tceq.state.tx.us.

Further information may also be obtained from TXU Generation Company LP at the address stated above or by calling Timothy A. O'Shea, Ph.D., TXU Energy Company, LLC at (214) 812-8413.

Issued: September 10, 2003
