Director
Office of Nuclear Material Safety and Safeguards
U. S. Nuclear Regulatory Commission
Attention: Document Control Desk
Washington, DC 20555

REFERENCE: (1) Docket 70-143; SNM License 124
 (2) LEU FNMIC PLAN Section 1, Revision 5

Dear Sir:

Enclosed are three copies of the referenced section of Nuclear Fuel Services' Fundamental Nuclear Material Control Plan For SNM of Low Enriched Uranium, submitted under the provisions of 10 CFR Part 70.32. The Plan was revised to update Figure 1 and incorporate solidification of burial waste for the BLEU Complex.

Since a disclosure of the information contained in the attachment to this letter would tend to weaken the safeguards and security measures and is deemed commercial and financial proprietary information within the intent of 10 CFR 9.17(a)(4), it should be withheld from public disclosure under the provisions of 10 CFR 2.790(d).

Sincerely,

NUCLEAR FUEL SERVICES, INC.
