Dear Mr. Pfeiffer:

As you are aware, the U.S. Nuclear Regulatory Commission is developing a new strategic plan for FY 2004 - 2009 to replace its existing strategic plan. As part of this process, we are consulting with the Office of Management and Budget and requesting stakeholder comments on our draft FY 2004 - 2009 Strategic Plan by December 31, 2003.

Enclosed are three copies of the draft NRC FY 2004 - 2009 Strategic Plan. This Plan better aligns our goals with our mission and strategic objective to "enable the use and management of radioactive materials and nuclear fuels for beneficial purposes in a manner that (1) protects the public health and safety and the environment; (2) promotes the security of our nation; and (3) provides for regulatory actions that are effective, efficient, and open." It does not represent a fundamental change in the agency's mission.

The draft Strategic Plan, as well as the ability to provide comments electronically, are available on the NRC web site at <http://www.nrc.gov>. The Commission will consider stakeholder comments in finalizing its FY 2004 - 2009 Strategic Plan. If you have any questions, please contact me at (301) 415-7322 or Les Barnett at (301) 415-7540.

Sincerely,

/RA/
