Chief,
Rules and Directives Branch
U.S. NRC Headquarters

Dear NRC,

This letter requests a 30-day extension to the announced 30-day public comment period for draft criteria published in the Federal Register [November 26, 2003, Vol. 68, No. 228, Page 66501 66503] that would codify currently non-compliant operator manual actions and forgive long standing and widespread fire protection violations at U.S. nuclear power stations.

Sincerely,

Gregg Brown
