Mr. Janowsky,

Thank you. Yes, the inactive vendor status will apply to all three certificates currently under United Technologies. You will be sent a copy of all three certificates with the new inactivated vendor certificate numbers within the next couple weeks. If any questions, please feel free to contact me.

Per your voice mail message, please list UTRC as an inactive vendor. We are preparing to terminate our NRC materials license, and therefore have no intention of manufacturing or distributing these devices in the future.

From our telecon, I assume that the inactive vendor status will apply to all three of UTRC's device registrations (NR-655-D-101-S, NR-655-D-102-S, and NR-655-D-103-S). If this is incorrect, please let me know if there is anything further that we will need to submit.

Thank you,

Glenn Janowsky
