SUBJECT: RESPONSE TO ORDER FOR COMPENSATORY MEASURES RELATED TO
ACCESS AUTHORIZATION

Dear Mr. Forbes:

On January 7, 2003, the U.S. Nuclear Regulatory Commission (NRC or Commission) issued Orders to holders of licenses for operating nuclear power reactors, for the implementation of compensatory measures (CMs) related to access authorization. On January 24, 2003, Nuclear Management Company, LLC, licensee for the Duane Arnold Energy Center, the Palisades Nuclear Plant, the Kewaunee Nuclear Power Plant, Point Beach Nuclear Plant, Units 1 and 2, Monticello Nuclear Generating Plant, and the Prairie Island Nuclear Generating Plant, Units 1 and 2, responded to the January 7, 2003, Order. On March 23, 2003, the NRC staff initiated a conference call with the licensee to discuss the response to the Order. On April 28, 2003, the licensee issued a letter clarifying its response to the Order.

The NRC staff has completed its review of your responses. Based on that review, the NRC staff finds that your responses to the January 7, 2003, Orders are acceptable and responsive to the Orders.

Please remember, pursuant to Section III.C.2 of the Order, you are to report to the Commission, in accordance with Title 10 of the *Code of Federal Regulations*, Section 50.4, when you have achieved full compliance with the requirements described in Attachment 2 to the Order. The NRC will determine the effectiveness of your implementation of the CMs through onsite inspections.

If you have any questions about this letter, please call Mr. Christopher Gratton at 301-415-1055.

Sincerely,

/RA/

Richard J. Laufer, Chief, Section 1
Project Directorate I
Division of Licensing Project Management
Office of Nuclear Reactor Regulation
