Subject: Draft SER for WCAP-16047

Thanks for the opportunity to conduct a review of the Draft SER for WCAP-16047 - we have no proprietary concerns with this SER.

A couple of minor typos:

1. First line of page 3: "ih an" should be "in a"
2. Second paragraph in Section 3.2 (page 2), third line, "safety limit maximum critical power ratio (MCPR)" should be "safety limit minimum critical power ratio (MCPR)"
