

Nov. 23, 2003

Dear Mr. Secretary:

I am writing about the draft policy statement on the Treatment of Environmental Justice Matters in New Regulatory and Licensing Actions.

I urge you to extend the period for public comment on this important policy statement. I believe you should hold a minimum of twelve public meetings and extend the time period by six months.

This is an extremely important policy. It affects basic human rights, health, and environmental justice.

It must be given as low public hearing as possible.

Sincerely,
