RE: JOSEPH M. FARLEY NUCLEAR PLANT
LICENSE RENEWAL APPLICATION - PUBLIC INPUT

Dear Sirs:

I am pleased to write this letter in support of Farley Nuclear Plant's request for re-licensing.

Our Architectural firm started in 1954 and is very aware of the impact this plant has had on our local building economy and quality of life. They are excellent neighbors and several of our closets friends are employees at the plant.

I personally am a proponent of nuclear energy and hope that this country will get back on track with new plant starts so that none of us would ever have to face a blackout like the northeast recently experienced, or the California debacle a couple of years ago.

Sincerely,

DONOFRO AND ASSOCIATES, ARCHITECTS, INC.
