REMARKS: IMC 0307 Reactor Oversight Process Self-Assessment Program
IMC 0612 Power Reactor Inspection Reports

A decision was reached at the DRP/DRS counterpart meeting held on December 17-18, 2003, to change the inspection report timeliness to 45 calendar days for all inspection reports, with exception of reactive inspection reports, which will stay at 30 days. The inspection manual chapters identified above have been modified to reflect this decision.
