TRANSMITTAL OF THE "NTS STANDARD CONSTRUCTION SPECIFICATIONS"

During our telephone conversation on March 6, 1986, you expressed interest in obtaining a copy of the "NTS Standard Construction Specifications," that has been referenced in several of the exploratory shaft reports.

Enclosed is a copy of those specification standards as per your request. This is the latest revision and I am told that there will be another revision out later this year. If we can be of further assistance, please let us know.
