MEMORANDUM FOR: Hubert J. Miller, Chief
Repository Projects Branch
Division of Waste Management

FROM: Lake H. Barrett, Chief
Engineering Branch
Division of Waste Management

SUBJECT: TRANSMITTAL OF WASTE PACKAGE USTPs

Attached are the Waste Package USTPs for BWIP, NNWSI, and SALT. Transmittal of these USTPs is pursuant to Operating Plan Commitment Milestone Numbers 531415.22, 5314216.22, and 5314217.22 respectively. These Site Technical Positions concerning Waste Package Issues were formulated by (1) generating initial draft USTPs that were issued internally for comment in January 1984 and (2) incorporating general and specific comments from Repository Projects Staff received both in written and verbal form over approximately the past month. At the last meeting (on September 4, 1984) between WMRP members (R. L. Johnson, C. L. Pittiglio, and K. Stablein) and WMEG members (T. L. Jungling, T. C. Johnson, M. Tokar, and myself), general agreement was reached with regard to the content and format of all the issues in these USTPs. We trust, therefore, that you will concur that these USTPs are ready for external distribution for comment.
