Dear Mr. Olson:

SUBJECT: REQUEST FOR DOE/BWIP INFORMATION SYSTEMS DISCUSSION

As a result of my discussions with Pierre Saget on July 12, 1984, I am forwarding a proposed agenda for the meeting on Monday, August 27, 1984.

NRC staff attending this meeting are beginning a requirements analysis for an issue tracking and information management system. Part of their work includes becoming familiar with current and planned tracking and information systems used by each of the repository program offices.

If you have any comments or require further information concerning this meeting and its agenda, please call Avi Bender, FTS 427-4530.

Sincerely,

13/

Robert J. Wright,
