

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D. C. 20555

MEMORANDUM FOR: Robert E. Browning, Director  
Division of Waste Management

FROM: Tilak R. Verma, Senior On-Site  
Licensing Representative  
Salt Repository Project Office

SUBJECT: SRP SITE REPORT FOR THE WEEK  
OF July 9, 1984

JUL 16 1984

1. Received and reviewed a "Rough Draft" of Proposed Pilot Test Plan for Asse Mine under U.S. DOE/FRG Bilateral Agreement. DOE/SRPO is proposing a number of field experiments in Asse Mine. The data collected from these experiments will be utilized to validate computer codes and extend predictive capability. Since DOE plans to make extensive use of these data, I would very much like to visit Asse Mine and gain familiarity with the field work being conducted there.
2. Attended a three-day training, "Using the IBM Personal Computer: For Government Managers." It was a very useful course that was offered in the form of a workshop. A list of attendees and a copy of Certificate of Completion are attached.
