Dear Mr. Goldsmith:

RESPONSE TO HEARING ISSUES SUMMARIZED IN ONWI-505

We agree with your recommendation to provide written response to the hearing issues summarized in ONWI-505. Only general (generic) technical issues about the program should be addressed in this document; ONWI should defer to the Environmental Assessments discussion of any issues which relate to site specific impacts. The response document should be assigned an ONWI number, and will be provided to DOE-CH for approval. Therefore, the clearance process should use both forms BPMD-31 and DOE-F-1340.3.

Sincerely,

J. O. Neff
