and Safeguards
United States Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Davis:

Thank you for your letter of September 13. I am this day requesting that you have the Nuclear Regulatory Commission communicate with Representative Arthur Sour, Chairman, House Natural Resources Committee, 755 Bester, Shreveport, Louisiana 71107; Representative J. Chris Ullo, Vice Chairman, House Natural Resources Committee, 4701 Westbank Expressway, Marrero, Louisiana 70072; as well as myself as regards any and all matters concerning relations between the Nuclear Regulatory Commission and the State of Louisiana with regard to disposal of hazardous wastes. I believe it would be appropriate to communicate through these gentlemen as this committee has jurisdiction over all matters concerning energy, wildlife and fisheries and our environment, all of which would be significantly impacted by storage of such materials.

Sincerely,
