DISTRIBUTION OF MATERIALS TO SALT STATES

My office has been requested by the states of Mississippi and Utah to send you copies of notices of meetings and other materials that are sent to the potential host salt states. I am pleased to comply with this request.

I will add your names to the distribution list for notices of regularly scheduled meetings, and other technical meetings that are scheduled as the need arises. I will also add your names to the distribution lists for publications issued by this office.

I am enclosing a draft agenda for the next meeting with the salt states and the Nuclear Regulatory Commission, to be held on August 1-2, 1984 in Columbus. We would be pleased if you could attend this meeting in your capacities as advisors and consultants to the states.
