Dear Mr. Linehan:

McGEE WELL REPORT

Your letter of May 5, 1986, detailing your staff's review of RHO-SD-BWI-227, McGee Well Report, was forwarded to our contractor, Rockwell, for consideration into the ongoing development of our hydrology program.

Your letter requested that hydrochemical and hydraulic head data collected from the McGee Well be forwarded to the Commission for staff review. The most recent published hydrochemistry data from the McGee Well is found in Data Package-061, Rev. 1 and the most recent hydraulic data is found in Data Package-064. For your convenience these documents are attached.

Thank you for your helpful review of this material. If questions or we may help you further, please call K. M. Thompson, 444-6421.

Sincerely,

O. L. Olson

O. L. Olson, Director
Basalt Waste Isolation Division
