for Geologic Repositories
Office of Civilian Radioactive
Waste Management, HQ

BWI DIVISION QA AUDIT SCHEDULE

This memorandum advises that BWI Division adherence to the QA audit schedule, transmitted in DOE-RL memorandum dated March 17, 1986, same subject, is impacted by the Rockwell Stop Work Order BSWO 86-004. Scheduled audits by BWI Division have been suspended pending evaluation and authorization of activities to continue and definition of any constraints to be applied to such continuing activities.

Upon definition of work authorized to continue and establishment of recovery schedules, revised BWI Division audit and surveillance plans will be prepared and issued in accordance with department procedures.

O. L. Olson

O. L. Olson, Director
Basalt Waste Isolation Division
