(Return to WM, 623-SS)

Dear Mr. Justus:

Thank you for your recent letter requesting that your name be added to our mailing list to receive documents related to the environmental impact statement (EIS) on the decommissioning of the shutdown production reactors at Hanford.

We expect to publish the draft EIS (DEIS) in approximately one year. Upon completion, a Notice will be published in the Federal Register and we will make an announcement through the media indicating the beginning of a public comment period. Simultaneously, copies of the DEIS will be placed in the public reading rooms in Richland and Lacey, Washington, and in libraries to be noted in the Federal Register Notice.

It is anticipated that further opportunity for public participation will be provided through a public hearing that would be scheduled at the time the DEIS becomes available. Comments received will be reviewed and, where appropriate, incorporated into the final EIS (FEIS).

Again, thank you for your interest. If you have additional questions, please write to me at the address shown above or call me on (509) 376-7378.

Very truly yours,

J. L. Tokarz
Sr. External Affairs Specialist
