Dear Dr. Taylor:

With my letter dated August 6, 1987, three copies of Open File Report No. OF-WIWI-1987-3 entitled "Meteorologic and Isotopic Characteristics of Precipitation Events with Implications for Ground-Water Recharge, Southern High Plains," by R. Nativ and R. Riggio, were submitted to your office.

Unfortunately the open file number as well as the reference to DOE funding were omitted on the title page.

Enclosed is a corrected title page for insertion into the report copies previously sent to you. I apologize for any inconvenience caused by this oversight.

Sincerely,

Marcus E. Milling
