(Return to WM, 623-SS)

Enclosure is a published report

August 27, 1985

John J. Linehan, Section Leader  
Salt Section  
Repository Projects Branch  
Division of Waste Management, MS 623-SS  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Mr. Linehan:

SUBJECT: REQUEST BY NRC FOR REPORT ON SALT RADIATION DAMAGE

Enclosed, please find the report The Role of <100> Edge Dislocation in Nucleating Radiation - Induced Colloid Particles in Sodium Chloride, which you requested in your July 11, 1985 letter.

In order to get the requested document to you quickly, we are sending it today, while searching for the answer to your related requests, which were for a list of other BNL reports (not released and not yet in the Catalog) on this same subject, and for our plans on publishing the requested report.

If you have any questions, please contact Sarah Starr of my staff.

Sincerely,

J.O. Neff  
Program Manager  
Salt Repository Project Office
