Room 111, Labor and Industries Building
Salem, Oregon 97310

Dear Mr. Godard:

It was good to be able to talk with you in Walnut Creek last week. As I promised, attached are some materials which should give you a better idea of how NRC is reviewing DOE activities at the Hanford site in the high-level waste area. Hopefully this will be of use as you consider what involvement the State of Oregon may desire in the NRC high-level waste licensing and the upcoming Hanford site characterization report review process.

Please give me a call if you have any questions or wish to discuss the matter further.

Sincerely,

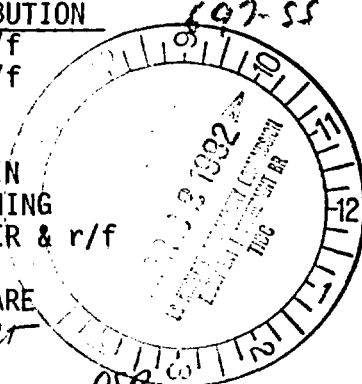

Hubert J. Miller, Chief
High-Level Waste Technical
Development Branch
Division of Waste Management
