SUBJECT: Task Force Meeting Schedule

To assist you in scheduling your time I am establishing meeting times and dates for the task force through June 1983. If these dates create problems for a number of task force members we can, of course, reschedule. All of the meetings, with the exception of January's dates, will be held on the third Friday of the month in the Governor's Conference Room at 1:30 p.m., unless you are notified otherwise. These dates are as follows: February 18, March 18, April 15, May 20, and June 17.

There will be two meetings in January. On January 14, 1982 we will meet in the Governor's Conference Room at 1:30 p.m. to take up the following topics: the content of the congressional legislation, recently adopted on high-level radioactive waste; a review of the NWTs meeting in Las Vegas; and discussion of our interim work strategy. If possible we will have in attendance

at this meeting Mr. George Goldstein, of the Waste Isolation Pilot Plant in New Mexico, to discuss defense waste. On January 28th we will again meet in the Governor's Conference Room at 1:30 p.m. at which time, in addition to normal business, we hope to have a report by Mr. John Gervers of Latir Energy Consultants. Mr. Gervers, as you will recall, has been assisting the task force with developing some work plan options.

If there are further questions on, or conflicts with, this schedule please let my assistant, Brad Erlandson, know. (459-6490)
