Dear Kathy:

On behalf of Nick Lewis, Chairman, Washington State High-Level Nuclear Waste Management Task Force, and pursuant to 10CFR60 Subpart C, I would like to formally request that the appropriate NRC staff members meet with Mr. Lewis and a small delegation of Task Force members to discuss your progress in preparing the SCA for BWIP.

As we have previously discussed, the meeting shall take place in Richland, Washington at 2:00 p.m. on March 24, 1983, in a location yet to be determined. We respectfully request the presence of Mr. Hubert Miller and members of his or Mr. Joseph Bunting's staff as is determined necessary for the discussion. In particular, we would like to be updated on the completion of the SCA and have some discussion as to its content, the NRC's major concerns at this time, the schedule on which you will be proceeding, and perhaps some general exchange of information on other issues concerning our state or the commission at this time. We expect this to be a somewhat informal consultation, at the policy level, as we will not be bringing any "technical experts" perse on this trip.

At some later date we may wish to have a formal briefing on the SCA with the entire Task Force and some technical advisors present.
