(Return to WM, 623-SS)

On December 3, 1982, the draft appendices and site issue analyses for the BWIP DSCA were delivered, excepting five site issue analyses that were delayed because of late arrival of DOE's testing plan. These are now in CRESS.

Thus, Operating Plan commitments 31121C (Appendices) and 311221 D (Site Issue Analysis) were satisfied.
