The High-Level Waste Technical Development Branch (WMHT) has just received the Site Characterization Report (SCR) from the Department of Energy (DOE). WMHT staff is currently reviewing the SCR and preparing the Site Characterization Analysis (SCA) and supporting documents such as Technical Appendices and Site Issue Analyses (SIA's).

This memorandum is to request the assistance of Thomas J. Schmitt in reviewing the SCR, and other support documents. The work specifically requires the following:

1) Review of SCR

Executive Summary and Introduction (Chapter-1) (helpful reading)

Chapters 4, 10 and 17 (detailed review)

Chapters 13, 14 (cursory review)

2. Technical Appendix on Stable Openings (technical review)

3. Three SIA's (technical review)
