MEMORANDUM FOR: Group Coordinators  
BWIP Project Team

FROM: John Greeves, Section Leader  
Design Section  
High-Level Waste Technical  
Development Branch  
Division of Waste Management

SUBJECT: REVIEW OF THE QUALITY ASSURANCE CHAPTER OF SITE  
CHARACTERIZATION REPORT FOR THE BASALT WASTE  
ISOLATION PROJECT

Chapter 18 of the Site Characterization Report (SCR) for the Basalt Waste Isolation Project (BWIP) is on Quality Assurance (QA). I have requested reviews of this chapter by the Quality Assurance Branch (NRR) of the NRC and Engineers International for procedural aspects of the BWIP QA program plan. The QA program is to apply to all data gathering. Therefore, it is a requirement that each group give this a review. I also need any input from each group coordinator on QA application of Chapter 18 to each program area you are responsible for. Please have your comments to Jay Rhoderick by November 30, 1982 so they can be considered for incorporation into Chapter 10 of the SCA.
