Dear Dr. Wright:

BWIP'S DISPOSITIONS AND RESPONSES TO THE NRC'S DSCA

Enclosed for your information are ten copies of the dispositions/response tables prepared by the BWIP covering the comments made in the DSCA by the NRC. The enclosed tables reflect the clarification of issues and modification of some of the responses which were discussed with the NRC at a meeting held in Richland during the week of June 13-16, 1983. During this meeting an item-by-item review of both the NRC's concern and the DOE's disposition and response was discussed and clarified. It is BWIP's intent that the issues identified in the DSCA will be addressed in the SCP.

Copies of the enclosed document were provided to members of the ACRS Subcommittee on Waste Management during their visit to Richland on September 8 and 9, and NRC staff in attendance at the BWIP review meeting.

If you have any questions covering this information, please call D. J. Squires of my staff.

Very truly yours,

*D. J. Squires*

O. L. Olson, Project Manager  
Basalt Waste Isolation Project Office
