

# CENTER FOR NUCLEAR WASTE REGULATORY ANALYSES QUALITY ASSURANCE SURVEILLANCE REPORT

PROJECT NO.: 20.06002.01.031

REPORT NO.: 2003-11

PAGE 1 OF 9

**SURVEILLANCE SCOPE:** Quality Assurance Review of Scientific Notebooks for March 2003

**REFERENCE DOCUMENTS:** QAP-001, Scientific Notebook Control, Revision 4; QAP-004, Surveillance Control, Revision 2

**STARTING DATE:** 03/06/2003

**ENDING DATE:** 05/06/2003

**QA REPRESENTATIVE:** Bruce Mabrito and Maria J. Padilla

**PERSONS CONDUCTING TEST/EXAM/ACTIVITY:** CNWRA Technical Staff

**SATISFACTORY FINDINGS:** A review was conducted of related e-mails and hard copies of Scientific Notebooks for approximately 203 active CNWRA scientific notebooks. This review was performed to ensure that CNWRA Quality Assurance has a record copy or in-process copy of active scientific notebook data added since the September 2002 "six month call for notebooks" in the QA Records Room. A checklist derived from QAP-001, Scientific Notebook Control, was used on scientific notebooks that were turned into CNWRA QA for placement in the QA Records Room.

It was noted that the scientific notebook responses were turned in quicker to CNWRA QA during this "six month call for notebooks" and it appears that more attention was taken to be in compliance with the requirements of QAP-001. The majority of discrepancies noted were for missing notebook pages that were not copied and CDs not properly labeled.

See the attached List of CNWRA Scientific Notebook As of March 2003 for more detailed information.

**UNSATISFACTORY FINDINGS:** None

**NONCONFORMANCE REPORT NO.:** N/A

**ATTACHMENTS:** A list of CNWRA Scientific Notebook as of March 2003

**RECOMMENDATIONS/ACTIONS:** CNWRA QA should continue to maintain a log of the notebooks that were returned for corrections. The corrected notebooks should be checked for compliance with the requirements of QAP-001. CNWRA QA should continue the surveillance of scientific notebooks.
