Dear Sir or Madam:

Please consider this letter as the cover page to the package containing our updated ERP/RCP. In addition to the ERP/RCP updates, we included several Emergency Plan Implementation Procedures (EPIP's). All of the changes and additions have been made as improvements and enhancements to the current approved plan. It is our belief that we have in no way reduced the effectiveness of the original plan.

We also presented the same package to Region II and NRC Headquarters Project Management.

Sincerely,

Darren E. Mays  
Health, Safety & Regulatory Affairs Manager
