Dr. Robert J. Carson, Chairman
Department of Geology
Whitman College
Walla Walla, WA 99362

Dear Dr. Carson:

As per your request, enclosed please find a copy of NRC comments on the DOE Draft Environmental Assessment for the Hanford Site. I gather from your note and accompanying newspaper article that you are especially interested in BWIP hydrological investigations and findings. Therefore, you may be interested in knowing that a DOE/NRC meeting in hydrology is under consideration for December 9 and 10 at Richland, WA. It will be open to the public. For up-to-date information about the meeting please call DOE toll free number, 800-368-2235. Let me know if I can be of further assistance.

Sincerely,

Original Signed By
