In the Matter of
Private Fuel Storage, L.L.C.
(Independent Spent Fuel Storage Installation)
Docket No. 72-22-ISFSI

Dear Denise:

On May 6, 2004, I transmitted to you, by E-mail, two sets of Excel spreadsheets that were developed by the NRC Staff in its review of accidental F-16 impact speeds and angles, leading to the issuance of the Staff's report of April 20, 2004. As I indicated at the time, the Staff was endeavoring to send additional documentation to you, following the return of Dr. Campe to the office.

I am herewith forwarding to you and Counsel for Private Fuel Storage, L.L.C. additional documents produced by Dr. Campe, which were utilized or developed in the Staff's review of F-16 impact speeds and angles in this proceeding.

Sincerely,

/RA/

Sherwin E. Turk
