# AMENDED Notice of Evidentiary Hearing and Opportunity to Make Limited Appearance Statements

This Atomic Safety and Licensing Board hereby provides this amended notice of hearing, revising its earlier May 20, 2004, Notice of Hearing. *See* 69 Fed. Reg. 29,982 (May 26, 2004). The Board will still, in accordance with 10 C.F.R. § 2.715(a), entertain oral limited appearance statements from members of the public, as specified in Section A below, in afternoon and evening sessions on <u>June 15, 2004, from 3:30 to 5:30 p.m. and 7:00 to 9:00 p.m.</u>, respectively, in Charlotte, North Carolina. The evidentiary hearing previously scheduled to commence on June 15, 2004, in Charlotte is, however, as specified in Section D below, rescheduled now to commence on <u>July 14, 2004</u>, at the NRC Offices in Rockville, Maryland, where the Board will receive testimony and exhibits and allow the cross-examination of witnesses on certain matters at issue in this proceeding. This rescheduling was requested by Intervenor Blue Ridge Environmental Defense League (BREDL), with the agreement of Duke Energy Corporation (Duke) and the NRC Staff, because of the unavoidable and extreme circumstance of the unavailability of BREDL's expert to prepare for the June hearing dates due to family health issues.

As previously noted, this proceeding involves certain challenges of BREDL to Duke's request to amend the operating license for its Catawba Nuclear Station to allow the use of four mixed oxide (MOX) lead test assemblies at the station. (MOX fuel contains a mixture of plutonium and uranium oxides, with plutonium providing the primary fissile isotopes; Duke has submitted its request as part of the ongoing U.S.-Russian Federation plutonium disposition program, a nuclear nonproliferation program to dispose of surplus plutonium from nuclear weapons by converting the material into MOX fuel and using that fuel in nuclear reactors.) On September 17, 2003, this Licensing Board was established to preside over this proceeding. 68 Fed. Reg. 55,414 (Sept. 25, 2003). By Memoranda and Orders dated March 5 and April 12, 2004 (the latter sealed as Safeguards Information; redacted version issued May 28, 2004), the Licensing Board granted BREDL's request for hearing and admitted various non-security-related and security-related contentions. LBP-04-04, 59 NRC (2004); LBP-04-10, 59 NRC

\_\_\_\_ (2004). At the July evidentiary hearing, the Board will receive evidence on BREDL's nonsecurity-related Contention I, challenging the adequacy of certain aspects of Duke's license amendment request relating to asserted differences in the behavior of MOX fuel and typical low enriched uranium fuel and the impact of those differences on accident scenario analyses for the Catawba plant.

#### A. <u>Participation Guidelines for Limited Appearance Session</u>

On June 15, 2004, in two sessions, from 3:30 to 5:30 p.m. and 7:00 to 9:00 p.m., respectively, in a portion of the Grand Ballroom (lobby level) of the Omni Charlotte Hotel (132 East Trade Street), any persons who are not parties to the proceeding will be permitted to make oral statements setting forth their positions on matters of concern relating to this proceeding. Although these statements do not constitute testimony or evidence, they may nonetheless help the Board and/or the parties in their consideration of the issues in this proceeding.

Persons who submit timely written requests to make oral statements will be given priority over those who have not filed such requests.
