Our local paper is owned by American Press

In todays issue (July 13, 2004) there is a quote by Michelle A. Fox (reporter) : County officials hope that with the racetrack and LES coming to LEA county both commercial and Private traffic will increase at the airport and help increase its benefit /cost percentage and ease the financial burden the county faces.

LES ( Louisiana energy services plant) has not been approved yet.

Ask the NRC.

That's my complaint
