AGREEMENT STATES

**TRAINING COURSE INFORMATION: NRC SECURITY SYSTEMS AND PRINCIPLES**

The purpose of this letter is to invite Agreement States personnel to the U.S. Nuclear Regulatory Commission (NRC) Security Systems and Principles Training Course for Materials Inspectors. The training session will be held at Sandia National Laboratory in Albuquerque, New Mexico, from August 17, 2004, through August 26, 2004. An agenda outlining the modules of instruction and objectives for the course and a set of travel instructions to students is enclosed (Enclosures 1 and 2, respectively). Please provide a list of State participants by email to the point of contact listed below by close of business (COB) July 23, 2004. Please include the participant's e-mail and mailing addresses to ensure the participants receive the necessary preparation information and documents prior to attending the training session at Sandia National Labs. Also, please complete and fax to the point of contact the Travel Form, which is required for NRC to issue invitational travel orders to cover State participants (Enclosure 3). The form should be sent by COB July 23, 2004. Please note that this form includes a place for the Radiation Control Program Director's signature indicating that the individual nominated has a need to know the safeguards information that will be discussed during this course.

Participants that elect to attend the August 2004, training should familiarize themselves with the NRC Orders for Panoramic Irradiators and Manufacturers and Distributors and the Temporary Instruction for the inspection of those facilities prior to attending the course. Also, State participants should meet with their supervisor and discuss the expectations for inspection of the above-mentioned facilities.

If you have any questions regarding this correspondence, please contact me or the individual named below.
