EIS HEARING FILE

223

PERSONAL COMMUNICATION NOTES

DATE: 5 / 26 / 2004 TIME: 10 am PROJECT TITLE: LES EIS for NM

BETWEEN: Donna Roach, President OF: Sundance Services Inc.

LOCATION: Eunice, NM TELEPHONE No.: (505) 394-2511 ext. 201

AND: Milton Gorden of ATL Team (the caller) TELEPHONE No.: (301) 515-6781

DISCUSSION:

Ms. Roach was contacted to clarify their water source and the use of the pits on their property. She stated that they draw water from the water line that Wallach Concrete uses. Wallach Concrete uses 2 wells along the Eunice-Hobbs Highway (Hwy 118).

Pits 1, 2, 3, 5 and 6 are evaporation pits. Pit 4 is a skimmer pit where oil is being skimmed off the surface. Pit 7 is a Solid Waste Disposal Pit. Pit 8 is full of tank bottoms and solids.

The only animals they typically observe on or adjacent to their property are rats, ground squirrels, deer, bobcats and mountain lions. She has not seen the lesser prairie chicken.
