In the Matter of
LOUISIANA ENERGY SERVICES, L.P.
(National Enrichment Facility)
Docket No. 70-3103-ML

Dear Administrative Judges:

Pursuant to the Memorandum and Order dated July 19, 2004, the Staff hereby provides notice that a separate folder entitled "LES-70-3103-ML Hearing File" has been created in the agency's ADAMS system and is available for viewing. The folder contains a copy of the ADAMS files for all of the publically available Hearing Docket materials for the above-referenced case. A list containing the ADAMS accession number, date, and title of each item in the Hearing File is enclosed.

Additionally, the Staff is enclosing a Privileged Document List which identifies documents which are related to the license application but which are not included in the Hearing File. The rationale for withholding the documents is provided.

Finally, as the Staff indicated in its July 29, 2004 Hearing File Proposal, the Staff has included in the Hearing File a document which lists the URL addresses for information that supports the Staff's review of the application but which are not currently in ADAMS (see item 109 on the attached Hearing File Index). Because the Staff's review is not yet complete, this list will continue to grow and the Staff will provide updates as required. The Staff plans to maintain CDs which will house these webpages as they existed at the time of the Staff's use. Therefore, In response to the request in the Memorandum and Order of August 16, 2004,

Judge Bollwerk
Judge Abramson
Judge Kelber

regarding accessibility of the URL's over time, the Staff proposes that any party that has difficulty accessing a document at the provided URL contact Linda Marshall, Licensing Assistant, and the Staff will provide an electronic version of the document. Linda Marshall can be contacted at 301-415-8129/lxg3@nrc.gov.

Sincerely,

/RA/

Angela B. Coggins
