Docket No. 70-3103-ML

ASLBP No. 04-826-01-ML

**NEW MEXICO ATTORNEY GENERAL'S MOTION FOR CLARIFICATION OF  
EXTENT OF ATTORNEY GENERAL'S PARTICIPATION IN THIS LICENSING  
PROCEEDING**

Comes now the New Mexico Attorney General ("Attorney General") and respectfully requests that this Atomic Safety and Licensing Board ("Licensing Board") define the scope of her participation in this proceeding with respect to those contentions for which she is not a lead party. In particular, the Attorney General requests, on behalf of the citizens of the State of New Mexico, that she be permitted to interrogate witnesses where cross-examination by NIRS/PC is permitted and to file proposed findings with respect to those particular contentions for which findings are permitted. The Attorney General submits that such participation is integral in ensuring that the citizens of New Mexico are meaningfully represented in this proceeding, and that such active participation has been afforded to intervenors in the past under long-standing Nuclear Regulatory Commission precedent. See, e.g., In re Northern States Power Co. (Prarie

Island Nuclear Generating Plant, Units 1 and 2), ALAB-252, 8 AEC 1175, aff'd, CLI-75-1, 1 NRC 1, 1-2 (1975) (stating that "an intervenor can and should be afforded the opportunity to cross-examine on those portions of a witness testimony which relate to matters which have been placed into controversy by at least one of the parties to the proceeding . . . so long as the intervenor has a discernible interest in the resolution of the particular matter" and recognizing the "fundamental importance of meaningful public participation in [the NRC] adjudicatory process") (internal quotation marks and citation omitted); In re Pennsylvania Power & Light Co. Allegheny Elec. Coop., Inc. (Susquehanna Steam Electric Station, Units 1 and 2), LBP-79-6, 9 NRC 291, 291 (1979) (providing that, as a general rule of practice, "[a]ny intervenor may cross-examine and submit proposed findings and conclusions of law on other parties' contentions and issues raised by the Licensing Board, if any"). For these reasons, the Attorney General respectfully requests that she be permitted to interrogate witnesses and to file proposed findings and conclusions of law on other parties' contentions. NMED supports the Attorney General's Motion for Clarification, NIRS/PC does not oppose this motion, LES is not prepared to take a position on this motion, and NRC Staff has noted that it will respond to this motion in writing.

Respectfully submitted,
