Dear Mr. Kinneman:

Safety Light Corporation respectfully requests a 60 day extension to provide answers to your request for additional information dated August 18, 2004.

This request is being requested due to numerous vacations being taken among the staff and our need to cover their positions and also vacations that are being taken by Norm Fritz and myself in September and October.

Safety Light Corporation is asking for a 60 day extension so that we don't have to come back and ask for another extension. Safety Light Corporation will not needlessly delay our response. As soon as we have all the information that you are requesting gathered and in presentable form, we will send you our response.

Very Truly Yours,

Larry Harmon,
Plant Manager
