Earl:

This EIS was not distributed to all Western States (only three). We just got word of it and feel that it is appropriate to reply. Since comments will only be received until November 6, 2004, WGA and some of the other Western states would like to get a sixty day extension to this cutoff date to give us time to review and comment. How do we do this? (I don't know how to get in touch with the Division of Waste Management and Environmental Protection.)

Thanks for your help. This is the reason I called this morning. I will be out of the office tomorrow.
