NUREG-1790/Docket # 70-3103  
Public Comment: Draft Environmental Impact Statement for the Uranium  
Enrichment Facility Proposed by Louisiana Energy Services for Lea  
County, NM

To Whom It May Concern:

I am writing to submit a public comment regarding NUREG 1790 – the  
draft EIS statement for the Louisiana Energy Services proposed uranium  
enrichment facility in Lea County, NM.

The Bellefonte, Alabama site was found inappropriate for the NEF due  
to the fact that it would have necessitated re-locating high-voltage  
transmission lines to cross the proposed site. I see no difference in  
Lea County, New Mexico – this site would also necessitate the  
relocation of high pressure carbon dioxide pipeline that crosses the  
site. Why did this not disqualify the Lea County site as it did the  
Bellefonte site? I request that the EIS address this question in the  
final draft.

Thank you,
