NUREG-1790/Docket #3103  
Public Comment: Draft Environmental Impact Statement for the Uranium  
Enrichment Facility Proposed by Louisiana Energy Services for Lea County, NM

To Whom It May Concern:

I am submitting my comments for review regarding the NEF proposed for Lea County, New Mexico (NUREG-1790). I ask that that Louisiana Energy Services and the Nuclear Regulatory Commission consult the Western Interstate Energy Board as recommended in the EIS scoping period. Why was the Board not consulted? The Western Interstate Energy Board is valuable in that it is integral in the communication and cooperation among its membership regarding the development/management of nuclear energy products. The proposed LES facility certainly falls within its scope and therefore should consult the Board. Please include this in the final EIS for the proposed Louisiana Energy Services NEF.

Thank you for your consideration.

Sincerely,
