In the Matter of
DUKE ENERGY CORPORATION
(Catawba Nuclear Station Units 1 and 2)
Docket Nos. 50-413-OLA, 50-414-OLA

Dear Mr. Wetterhahn:

Pursuant to our telephone conversation, I am forwarding to you via overnight mail a redacted copy of "NRC Guidance on Implementation of the April 2003 Revised Design Basis Threat." In its November 5, 2004, Memorandum and Order (Ruling on BREDL Access to NRC Guidance Document), the Licensing Board ordered the NRC staff (Staff) to provide access to BREDL of the portions of the document that relate to the "critical group" concept." The redacted version complies with the Board's order. Per our prior agreement, please make this document available to BREDL at your offices upon receipt.

I am also forwarding a redacted copy of the manual related to barriers. Please make this document available to BREDL at your office.

Sincerely,

/RA/

Susan L. Uttal
Counsel for NRC staff

Enclosures: As stated
