RE: Amendment to Radioactive Material License No. 37-12771-01
The Chambersburg Hospital

Control Reference #: 135926

Gentlemen:

On October 26, 2004, we sent a request for deletion of several of our radiologists as authorized users. Included in the names was Gerald Croteau, M.D., which is an incorrect spelling of the first name. The correct name is Jerry Russell Croteau M.D. Copies of his licenses are enclosed to confirm this correction.

Please approve Edward Lampton, M.D. as a user of 100-200 level materials under the supervision of other authorized users. Dr. Lampton's ABR board certificate is included with amendment request.

If you have questions, or require additional clarification, please not hesitate to contact the undersigned.

Sincerely yours,

John Massimilla
Vice President
Administration
