Notice of Intent to Submit License Renewal Application

Reference: 1. Letter from C. Randy Hutchinson (Entergy) to U.S. NRC, "Deferral of the Pilgrim License Renewal Application," dated April 15, 2004

CRNO-2004-00076

Dear Sir or Madam:

By this letter, Entergy is providing notice of its current intent to submit an application for license renewal for Pilgrim Nuclear Power Station in December 2005.

In Reference 1, Entergy provided notification that the project to renew the Operating License for Pilgrim Station had been deferred, but that plans regarding Pilgrim's Operating License renewal would be reevaluated as conditions change. Entergy has since determined it is appropriate to include Pilgrim among its internal efforts for Operating License renewals for the Entergy Fleet.

This letter contains no commitments.

If you have any questions or require additional information, please contact Mr. Garry G. Young at 479-858-4303.

Sincerely,

C. Randy Hutchinson
