Subject: NRC Approval - 40-8905-Ambrosia Lake

Jill:

Thanks very much for your efforts assisting in the process which generated the approval received today from the NRC. We will be sure to stay within the terms of the approval granted in 1990. Peter has already developed procedures which address the environmental, dust, groundwater and surface water concerns expressed in the letter. We will ensure that the contractor adheres to these procedures.

Regards,

Bruce
